ABOUT US

We mainly produce disposable paper cups (single/double/ripple wall), soup cups, salad bowls, accessories (cup/bowl lids, cup sleeves, cup holders), take-away Bio boxes and paper bags, etc. PE and PLA laminating are available. Products and service throughout China, United States, Europe, the Middle East, Southeast Asia, Australia and other overseas markets.

Our company has a production area of 38,000 square meters, more than 300 employees, including more than 30 technicians. There are more than 100 domestic advanced production lines, and an annual sales figure of more than 200 million RMB. Adhering to the development idea of "taking science and technology as the driving force to produce green products", our company has successively passed the ISO9001 quality system certification and ISO14001 environmental system certification, and the products have passed the product testing report of SGS and FDA and other testing institutions.

Our company adheres to the corporate philosophy of "establishing a business with precision to meet customer needs; winning with quality to produce reliable products; treating each other with sincerity and providing quality services."
